

## **Terrorist Mullahs and INTERPOL**

The terrorist leaders of the Islamic republic have asked INTERPOL to issue an arrest warrant for Amir Hamid Homayoun (Shahram Homayoun, owner of Channel One television), and the supporters of the anti-Iranian regime at INTERPOL have accepted the orders from mullah Ali Khamenei's stooges.

It is outrageous that INTERPOL takes orders from the criminal leaders of the terrorist mullah regime who have been involved in terrorist activities in so many countries, and have tortured and murdered so many Iranians.

Millions of Iranians have protested against the uncivilized Islamic republic, and demanded freedom and human rights. The regime is illegitimate, and its courts have no legitimacy.

It is important to object to INTERPOL's collaboration with the Khomeinist enemies of the Iranian people. You can send faxes to INTERPOL's office in Lyon, France to condemn INTERPOL's cooperation with the terrorist mullah regime:
