

Washington National Cathedral

To whom it may concern,

With respect to the announced "The Christian Muslim Summit" I would like to register my protest for such debate.

Why?

Because, today the world come to know that, despite hidden agenda of the Islam over 1400 years behind nice words, Islam is not religion of peace, whatsoever.

Debates like one designed by your church should be based on the reality of the verses that are in the body of Koran but never used by the Islamists when they are defending their religion.

The true and historic fact is that, Escape of Mohammad that put forward by Muslims as Hijrat (Migration) is untrue story. He in reality ran away from angry people of Mecca in the year 14th of his self appointment to the prophet position. In the Islamic Calendar, the 14th Year of appointment is the First year of Islamic Calendar.[[hummm!!!]] therefore his death that occurred in the 23rd year after the appointment is the tenth year of Hijrat (Escape).

It is only during these thirteen years that Mohammad managed to put some followers together. why?

Because in Medina (the city that he escaped into) changed 180 degrees, to become the Brutal Mohammad, ordered using Killer verses in total 4771. The verses produced in Medina are promise of women, looting, rape, heaven with presentation of 72 virgins, eternal creek of wine, gay boys that are going to act as loving partners and servants, money, direct killing of infidels then stealing their wives and daughters, their wealth and burning homes, killing of none-Muslims with prize attached to it, as that murder would become appreciation of God therefore he (God) providing those 72 virgins and heavenly life. Beheading the infidels (As seen in many TV news), etc ., etc. Yes he put together a big

army of Barbarian Looters. They cared less about Islam, they only forced Mohammad to go on war so they can loot, rape, steal, cheat their women, kill, and have wealthy life.

The same Muhammad over 13 years living in Mecca, where this self-appointment occurred, produced 1465 verses based on love, poetic words, could only produce less than 100 supporters.

When one debates with Muslims they only use 1465 verses that came to Muhammad in Mecca, where he was the most hated man, but nice words. He was hated so much that they attempt to kill him, he orders his son-in-law Ali, sleeping in his bed, so he can escape to Medina. He, that people think never said lies, based his tactic in the four elements of Islam:

Taghiyeh = (Obfuscation), (deception)

Kitman= (dissimulation), (Reticence)

Tanfih= Putting soft pillow under one's head... (softly tricking one from understanding the truth)

Tazvir= hypocrisy

So be alert when your church is debating with these Muslims. Especially those that have some kind of relations to these brutal so called Ayatollahs (Iranians call them Afat-ollahs*)

Here below attached your church can find a link that gives very brief idea about real Islam.

P.S. * Ayat means represent, light, Afat means, disaster, outbreak, worse of life i.e. a plague is Afat, AIDS is Afat, HINI is Afat.

The Christian-Muslim Summit

Dear Cathedral friend:

March 1–3, 2010, Washington National Cathedral will host the Christian-Muslim Summit, a gathering of high-ranking Christian and Muslim leaders for a candid discussion of matters affecting Christian-Muslim relations and peacemaking efforts worldwide. I am writing to invite you and one guest to attend the public dialogue that will conclude the Summit, which will take place on Wednesday, March 3, at 7 pm, in the nave of Washington National Cathedral.

The first of four such planned dialogues hosted by faith leaders from around the globe, the goals of this Summit are:

1. to bring together world faith leaders to promote further respect and understanding between Islam and the West;
2. to discuss ways in which faith leaders can proactively engage their governments and be agents of peace; and
3. to support the participants' ongoing commitments to dialogue, collaboration, and action.

Because of the Cathedral's role as a place of welcome and open conversation for people of all faiths, we are honored to host this important gathering.

The public dialogue will be moderated by David Ignatius, associate editor and columnist for the *Washington Post* and co-host of PostGlobal, an online discussion forum for international affairs.

For this event, we are honored to host the following principals:

- Ayatollah Seyyed Mostafa Mohaghegh Damad; a Shi'ia cleric, professor of law and member of the Iranian Academy of Science, representing the Shi'a Muslim tradition;
