

What in the World will he come up with next!!!

What in the World will he come up with next!!!

THIS WILL CURDLE YOUR BLOOD AND CURL YOUR HAIR

The name of the book Obama is reading is called:

"The Post-American World," and it was written by a fellow Muslim.

"Post" America means the world After America! Please forward this picture to everyone you know, conservative *or* liberal. We must expose Obama's radical ideas and his intent to bring down our beloved America!

We need to take him down through the Internet... Seems the majority of the press are worshipping at his feet....Someone could put this on facebook..

If each person sends this to a minimum of twenty people on their address list, in three days, all people inThe United States of America would have the message. I believe this is one picture that really should be passed around.
